**Subject: Attached Letter**

**Pages: This page plus three**

Please distribute the attached letter that follows up on discussions that occurred during the Assurances Work Group meeting on November 12. I have transmitted it to Mr. Dunning. I've indicated cc's for the following CALFED staff:

- Lester Snow, for information, as a courtesy
- Mike Heaton, based on his involvement as Assurances staff
- Dennis O'Bryant, based on his involvement as Assurances staff

I would be pleased to have anyone else on CALFED's staff receive a copy if it might be useful to them in their efforts to work toward CALFED's goals. I also would be happy to discuss my concerns, if that could be helpful.

Regards, Bill
